PROFESSIONAL SUMMARY

Autonomously driven leader, program manager, and certified automation architect with over 12 years of experience managing complex critical systems, operations, and technical teams. Specializing in designing robust, production-grade, and secure automation pipelines using n8n and AI integration (local & cloud LLMs). Proven track record of translating complex technical constraints into operational-ready solutions, building fail-safe architectures with Human-in-the-Loop oversight, and championing thorough technical documentation. Highly comfortable working in remote, asynchronous environments.

CORE COMPETENCIES

AI & AUTOMATION STACK

n8n (Certified L1/L2)API Design & Webhooks

RAG SystemsAI Agents (Ollama, LangChain)

RetoolBudibase

TECHNICAL & DEVELOPMENT

JavaScript (Node.js)PythonSystem Integration

Claude Code / CursorGitAPI Auth Flows

Log Analysis

PROGRAM & OPERATIONS MANAGEMENT

End-to-End OwnershipStakeholder Management

Technical DocumentationRoot Cause Analysis

Agile MethodologiesTeam Leadership (10+)

SECURITY & COMPLIANCE

PROFESSIONAL EXPERIENCE

Founder & Lead Instructor — OffensiveSkills Department

- IFACE (Institut de Formation et d'Appui-Conseil aux Entreprises)

Oct 2025 – Present (Remote/Hybrid)
- Developed and launched the first comprehensive curriculum on AI-Augmented Technical Operations and SecOps.
 - End-to-End Delivery:** Designed, built, and launched the educational framework and operations curriculum from scratch in strategic partnership with state-recognized IFACE.
 - AI & Automation:** Implemented advanced automated training pipelines, integrating local LLMs (Ollama) with terminal and n8n interfaces to assist professionals in real-time.
 - Measurable Impact:** Achieved a 40-60% reduction in data processing times on educational and technical analysis workflows through programmatic curation, creating a 25-35% efficiency boost for target operations.
 - Asynchronous Collaboration:** Built, documented, and scaled an operational team, managing deliverables asynchronously and maintaining clear version-controlled project resources.

 PROFESSIONAL EXPERIENCE (CONTINUED)

Consultant & Security Automation Instructor

CyberZone

Sept 2025 – Present (Part-Time / Remote)

- Advising mid-market enterprises on infrastructure security and orchestrating automated data pipelines.
- **Robust Workflow Design:** Built and deployed complex, multi-system n8n integrations against various REST APIs, webhooks, and local databases, strictly ensuring zero hardcoded secrets and robust credential store management.
- **Technical Ownership:** Designed "Human-in-the-Loop" validation mechanisms in automated flows to safeguard critical business actions, ensuring data audibility and system failure containment.
- **Documentation Default:** Authored complete deployment runbooks, API specifications, and troubleshooting playbooks for over 60+ corporate professionals, systematically reducing technical debt.

Operations Supervisor & Critical Systems Program Manager

ALPICAM

Jan 2012 – Mar 2024 (12 years 3 months)

- Led technical operations, resource planning, and preventative maintenance for highly critical industrial infrastructure.
- **"Manager of One" Autonomy:** Directly responsible for the 24/7 operational supervision of a high-capacity industrial treatment plant (1000m³/day), setting direction and executing initiatives autonomously.
- **Cross-Functional Program Management:** Directed a multi-disciplinary technical team of 10+ operators, managed stakeholder communication, negotiated cross-functional dependencies, and delivered complex engineering projects with zero business disruption.
- **Rigor & Root-Cause Analysis:** Developed a methodical approach to system diagnostics under pressure, performing systematic risk assessments and applying strict quality and safety compliance standards (aligned with ISO and regional regulations).

 PROFESSIONAL CERTIFICATIONS

 n8n Certified Workflow Creator (L1 & L2) n8n • 2025	 Red Team Operations Management (CRTOM) Red Team Leaders • Jan 2026
 Threat Intelligence & Governance Analyst Red Team Leaders • Jan 2026	 Cybersecurity Educator Professional (CCEP) Red Team Leaders • Jan 2026
